Technologies

- Linux
- MATLAB
- LoRa / LoRaWAN
- Embedded platforms
- HW/SW integration
- Data acquisition & processing

Technical Skills

- RF & wireless communication
- Signal processing
- Satellite communication
- Antennas & propagation
- IoT & automation
- Systems & network support

Certifications

TXOne Certified Solutions Specialist

TXOne Networks · Issued Dec 2024

CCNA R&S: Routing and Switching Essentials

Cisco Networking Academy ·
Completed Jan 2021

Additional

English

Professional working proficiency

Volunteer Instructor

Kadet Červený Kostelec · 2017–Present

About Me

MSc graduate who develops and tests wireless and embedded systems from prototype to measurement. Hands-on experience with RF, signal processing, HW/SW integration, data acquisition and university IT support.

Professional Experience

2022

–
2026

Information Technology Support Specialist

VSB-TUO · Centre for Information Technology · Part-time

- Received, resolved and escalated technical support tickets for university employees and students.
- Provided **support in Czech and English** by email and phone, including network and system services.

2021

Security Systems Installation Assistant

EKON-SYS s.r.o. · Trutnov · Part-time

- Assisted with the installation and setup of **intrusion alarm systems, IP cameras, sensors and small data networks**.

Education

2024

–
2026

Communication and Information Technology

Master's degree (Ing.) · VSB – Technical University of Ostrava

- **Graduated with honours.**
- Thesis: Satellite Communication via LoRa Technology.

ERASMUS+ BLENDED INTENSIVE PROGRAMME · 2026

Sustainable Space Engineering & CubeSat Design

Haute École Provinciale de Hainaut–Condorcet · Belgium

- Developed a sustainable CubeSat prototype focused on eco-design and orbital protection.

MASTER'S PROJECT · 2025

IoT CubeSat Telemetry Receiver

VSB space research

- Contributed to the development of a functional IoT CubeSat telemetry receiver within a VSB-TUO space-research project.
- Received an **extraordinary university scholarship** for developing the receiver prototype.

2021

–
2024

Telecommunication Technology

Bachelor's degree (Bc.) · VSB-TUO

- Thesis: Verification of the Communication Capabilities of LoRaWAN Technology in the 433 MHz Band.

2017

–
2021

Computer Applications & Network Administration

Technical secondary school · SPŠ ELIT Dobruška

- Completed with the Czech **school-leaving examination (Maturita)**.
